

CITY OF PORT CLINTON

City Offices

FOR IMMEDIATE RELEASE

June 13, 2018

City of Port Clinton Mayor, Hugh Wheeler, Jr. has declared a State of Emergency due to City wide flooding.

Citizens are asked to exercise extreme caution, limit travel if able. Please be mindful of barricades throughout the City.

The Police and City crews have placed barricades throughout the City. The large amount of rain fall along with record lake levels have made it difficult for the waters to recede. All pumps have been operational and working to maximum capacity.

The City is working with Ottawa County Emergency Management Agency and the Ottawa County Commissioners as we move forward in restoration of services to the City.

Sincerely,

Mayor Hugh Wheeler, Jr.
